- Single Wall
- Double Wall

#### Number of Passes

- 2 Passes
- 4 Passes

O.D. of Tubes

Number of Tubes

Material of Tubes

Often it is impossible to measure all dimensions while the unit is in service. We can manufacture a coil to fit when provided with the minimum of 4 dimensions.

#### Required information:

1. P - center to center of bolt holes.
2. Number of bolts.
3. R - O.D. of neck or circumference of neck.
4. Length of unit. If unknown, measure the length of vessel or maximum length available to remove bundle.

#### Optional information:

1. O.D.
2. Bolt circle
3. Size of bolts
